

## **PUBLIC MEETING AGENDA - South St. Vital Active Transportation**

March 19, 2015  
United Church in Meadowwood  
1111 Dakota Street  
6:30pm – 8:30pm

### **Meeting Goals and Objectives:**

- Gather input on active transportation issues and ideas from residents/area groups
- Bring community up to date on the Active School Travel Engineering Plan (ASTEP) process and activities
- Highlight and gather feedback on key findings/issues and recommendations from the ASTEP Reports for schools in South St. Vital (H.S. Paul, Ecole St. Germain, Ecole George McDowell, Highbury and Samuel Burland)

### **6:30 pm – 7:00pm Welcome and Introduction**

- Project overview (Shoni Madden – Green Action Centre)
- Importance of Active Transportation (Kevin Nixon – City of Winnipeg)
- Active School Travel Engineering Plans Overview – H.S. Paul, Ecole St. Germain, Ecole George McDowell, Highbury and Samuel Burland (Professor Jeanette Montufar – University of Manitoba Transportation Engineering Dept./Jackie Avent – Green Action Centre)

### **7:00 pm – 8:00 pm Facilitated Group Discussion**

Participants will be divided into several breakout groups to work through the following questions:

#### **5 minutes – Facilitated Questions**

- Where do you travel in your neighbourhood using active transportation?
- How did you get here today?
- How did you feel about your trip?
- What kind of AT opportunities are being missed in your neighbourhood?

#### **20 minutes – Visioning Exercise**

- What does a neighbourhood that supports AT look like to you?

#### **10-15 minutes - Review of ASTEP issues and recommendations**

- Discuss issues highlighted through ASTEP process and recommendations
- Provide feedback on these plans

#### **20 minutes – Top 3 Barriers**

- Groups discuss other AT issues in neighbourhood and highlight top 3 barriers to active transportation

**8:00 pm – 8:20 pm Wrap-up Group Discussions – Facilitators share summary of feedback with the room**

**8:20 pm – 8:30 pm Thank you & next steps.**
