

## History & Bikes

***Want to bring bikes into your history class? Here's how:***

### **Activities for History & Bikes.**

Study the following:

- How the bicycle contributed to the paving of roads in North America.
- How the bicycle contributed to the liberation of women.
- The bicycle's use in Canada, in earlier years and now.
- Olympic racing events or international racing events such as the Tour de France.
- The importance of the bicycle in other countries, such as China, Denmark, Germany or Holland where it is the most common form of transportation.

Enjoy!
