

Reduce waste and green your workplace with...

compost WINNIPEG

EASY • CLEAN • AFFORDABLE

Reduce workplace waste by as much as 40%!

It's simple: we help set up your compost program, pick up organic waste (food scraps, coffee grounds, paper towels, etc.) and make sure it is responsibly composted.

Here's what customers said after trying our service:

"It's so nice to know our organic waste wasn't just fertilizing the dump."

"Great experience, really interesting to see co-workers get engaged in composting."

"I loved having a compost collection service. It was wonderful."

Rates and services customized for your needs.

Compost Winnipeg

Our clean, reliable service includes sleek compost collection bins, free information sessions, weekly bin cleaning and monthly waste diversion reports.

What you can compost

All food scraps, coffee grounds and filters, tea bags, paper napkins and paper towels.

Benefits of composting

Composting decreases waste sent to landfills, reduces greenhouse gas emissions, and produces wonderful natural fertilizer.
